We are incredibly grateful for the generous support of our partners who make these camps possible.

This event is part of a free youth sports and wellness training series across the Inland Empire. The Healthy Communities Initiative promotes youth health, fitness, teamwork and engagement through sports, physical activities and healthy lifestyle opportunities. The Empire Strykers join National CORE, Hope through Housing, Loma Linda University Health, Reyes Coca-Cola Bottling, IEHP, San Bernardino County Department of Health and San Bernardino County Superintendent of Schools in promoting youth health and fitness as part of the multi-year initiative.
